STREET'S GALILEE BEATEN ONCE MORE.

SVERNBERG AT LONG QUIS RAN FIRST-DR.

HASBROUCK'S SUCCESS. If there is such a thing as a "hoodoo" in racing, one of immense proportions hangs over "Dr." Street's colt Galilee. He generally runs a good race and was second in the Futurity, but he is almost always just barely beaten. In the Essex Stakes at Morris Park yesterday he was backed lown to 1 to 4. He had Taral to pilot him, but Wernberg beat by a half length.

In the first race, for two-year-old maiden fillies, 15 to 2 to 1, but she ran very poorly. The winner was Dorine, one of the Rancocas lot, that was sent to the farm when "Snip" Donovan left Mr. Lorillard's service. Sims had to ride her hard for a time, but at the end she won easily by two lengths, Golden Valley second, a neck before On

ite in the early betting, but at post-time had gone back to 9 to 5, Sarah Ramey being the first choice at 7 to 5. Fidelio led for six furlongs, then gave way to Sarah Ramey, who won by a length, Fidelio second, a length before Roller.

In the Essex Stakes Wernberg, who was at long dds, soon took the lead and held it, winning by a length, Galilee second, a length before Sam Lucas, The Sprinters' Handicap was a gallop for Dr. Hasbrouck, who ran under a pull all the way. At end he was two lengths before Stonenell, who beat Lizzetta by two lengths.

Hugh Penny was made a hot favorite for the fifth race. Roche ruling second choice. In a hard drive Roche won by a head. Lisely came with a great rush in the last furlong and finished at Hugh Penny's neck. She got away poorly, and possibly with an even start she would have won.

The sixth race, a selling affair, went to Now or Never by a length, The Ironmaster second, a length sefare Territor. efore Terrifier.
Red Banner had only Minnehaha to beat in the
stst race. She won by two lengths.
Marcus Daly has ordered Matt Byrnes to ship
sammany, Montana, Sir Francis and a couple
more of his lot to Montana to-morrow.

The Coal Exchange at a recent meeting decided on an advance of twenty-five cents a ton on white ash anti red ash coal after October 1. The prevailing price for white-ash coal is \$5.75 a ton, while twenty-five cents more is asked for red ash. In few of the yards yesterday was coal sold above these figures, but neveral dealers told a Tribune reporter that they had pledged themselves to uphold the retail coal combination and would begin in a few days to fill orders at an advance over in a few days to fill orders at an advance over summer prices. It was hinted that another increase would be made as soon as real cold weather came on. Most of the dealers said as an excuse for the outrageous overcharge: "The wholesale sales agents are pushing us and we have to keep our end up."

This was denied by several of the large coal companies. At the office of the Delaware and Hudson Canal Company white and red ash were quoted at \$4.60 a ton and no change was contemplated. At the offices of several other large concerns the price was said to be stationary, and the attempt to shift the blame for high prices on the large dealers was denounced. in a few days to fill orders at an advance over

Albany, Oct. 3.-The Court of Appeals to-day affirmed the judgment of the lower court in the case of the People agt. Burton C. Webster. A LAWYER SUSPENDED FROM PRACTICE. THE ACTION TAKEN BECAUSE OF CHARGES THAT HE HAD RETAINED MONEY BELONG-

Presiding Justice Van Brunt, in the General Term of the Supreme Court, yesterday signed an order suspending James T. Hyrne, a lawyer, from practising until January 1, 1895. This action was taken because of charges against Hyrne that he had retained money which he had received from the New-York and Harlem Railroad Company to compromise a suit he had brought against the comhim disbarred were taken by the Bar Association. him disparred were taken by Curtin, in 1889, to bring a suit against the company for injuries which his son had received. An agreement was made by which Byrne was to receive one-half of the amount recovered. Byrne at first told Curtin that he could get \$1,000 from the company, but he finally said that all he could get was the sum of \$150. Curtin told him he would compromise the matter if he could get \$100, and Byrne agreed to this. Curtin heard nothing further from the lawyer, and on inquiry at the home of Byrne his wife told Curtin that her husband had lost the money on the races. Curtin brought a suit in the Sixth Distriet Court and recovered a judgment for \$75 on June 18 last. The judgment has not been paid.

George Macculloch Miller, one of the trustee well as a member of the Building Committee positive denial of a statement published this the sale of the old site of St. Luke's Hospital, at Fifty-fourth-st. and Fifth-ave., had fallen through. Mr. Miller said that, on the contrary, the second payment, under the contract, had been recently and properly made, in spite of the stringency of the money market. There has been, according to Mr. Miller, no intimation on the part of the purchaser to forfeit money paid and withdraw from

the agreement.
Intense desire has been manifested in certain arters to learn the name or names of the pur chasers. This information the trustees are not in a position honorably to furnish, and they will not furnish it. The price obtained for the St. Luke's Hospital property has been characterized, by comparison, as excessive. It is positively asserted that the transaction is in all respects satisfactory to the trustees, and that there is no indication of dissatisfaction on the part of those who have acquired the property. Everything is working well and harmoniously in the transaction, so far as the parties immediately interested are concerned.

Your Good Old Grandmother

Used lard in her cooking, and she was right in so doing; but you must understand that to-day you cannot get that kind of lard at any price. What is now sold by that name is something far different, of which the less said the better.

And you should know that you ought not to use the lard of to-day. Were you aware that science had produced a vegetable substitute called

which is a perfect shortening; which can be used without producing any unpleasant odor, unpleasant taste or unpleasant indigestion? These things are true, and proof is accessible. Thousands of American kitchens are to-day without lard, because they have tried COTTOLENE and find it a perfect shortening. Will you fall in line?

> COTTOLENE is sold in 3 and 5 lb. pails by all grocers. Beware of counterfeits. Genuine made only by
